PROFESSIONAL SUMMARY

Motivated B.E. Information Technology student with hands-on experience building responsive web applications using HTML, CSS, JavaScript, React.js, PHP, and MySQL. Completed a web development internship and built projects including a full-stack travel planning platform and a React-based startup planning application. Seeking an internship or entry-level web, frontend, or software developer role.

EDUCATION

Bachelor of Engineering (B.E.) in Information Technology 2026 – 2027
UPL University of Sustainable Technology, Bharuch *SPI (Semester 4): 7.58*

Diploma in Information Technology 2022 – 2025
Drs. Kiran & Pallavi Patel Global University (KPGU), Vadodara *CGPA: 7.24/10 (First Class)*

Secondary School Certificate (10th Grade), GSEB 2022
Narayan Vidhya Vihar, Bholav, Bharuch *Percentage: 50%*

TECHNICAL SKILLS

Programming Languages	JavaScript, PHP
Frontend Development	HTML5, CSS3, Responsive Web Design
Backend Development	PHP, CRUD Operations
Database Management	MySQL, Database Design
Frameworks & Libraries	React.js, Tailwind CSS
Tools & Technologies	Git, GitHub, Visual Studio Code, XAMPP, Vite, Vercel
Core Concepts	Object-Oriented Programming (OOP), REST API Integration, Debugging
Soft Skills	Analytical Thinking, Problem-Solving, Team Collaboration, Technical Communication

INTERNSHIP EXPERIENCE

Web Development Intern | Techomax Solution, Bharuch 9 Jul 2024 – 29 Jul 2024

- Developed Food Hunter, a responsive restaurant website, using HTML, CSS, and JavaScript.
- Created food sections, site navigation, and interactive elements for a user-friendly browsing experience.
- Designed responsive page layouts that adapt across screen sizes, with a focus on clear, user-friendly navigation.

PROJECTS

Smart Travel Planner *HTML, CSS, JavaScript, PHP, MySQL*

- Developed a web-based platform to explore destinations, organize trips, and manage travel bookings.
- Implemented user registration, booking management, MySQL database integration, and an administrative dashboard.

LaunchLens AI – AI-Powered Startup Planning Platform *React.js, JavaScript, Tailwind CSS, Vite*

- Designed a modern, responsive web application for startup planning, with sections for business plan generation, market analysis, SWOT analysis, and financial projections.
- Developed reusable React components and a responsive Tailwind CSS interface, using Vite as the build tool.

StreamX – OTT Streaming Platform *HTML, CSS, JavaScript*

- Built a responsive OTT interface inspired by popular streaming services, with trending content and recommendations.
- Implemented movie browsing, search functionality, category filtering, movie cards, and interactive UI elements.

Personal Developer Portfolio *React.js, JavaScript, Tailwind CSS, Vite*

- Designed and developed a responsive portfolio website showcasing technical skills, projects, certifications, and experience, with interactive UI components, animations, and visual effects.
- Integrated project details, a downloadable resume, and social profile links; deployed using GitHub and Vercel.

CERTIFICATIONS

National Innovation Hackathon 2026 – Certificate of Participation Jul 2026
AMIEE Association & CMAOI Association, in collaboration with Heritage Institute of Technology, Kolkata

Master AI – Prompt Engineering (Short-Term Training Program) – Certificate of Participation Jul 2026
UPL University of Sustainable Technology
